

Our Conveyancing Fee Guide:

We offer to work on a fixed fee basis and endeavour to keep our prices transparent and competitive whilst providing our clients with a personal service. The fee we quote you upfront will not change unless there are unforeseen matters like a defect in the title that needs to be rectified prior to exchange and the involvement of the preparation of additional documents, liaising with third parties etc for example or having to negotiate terms of a new lease/ deed of variation etc prior to the completion of a leasehold purchase. In any event we will inform you if any additional work has to be undertaken and will obtain your consent to proceed.

We would always like to speak directly with you to discuss your particular circumstances and requirements so as to find out how we can help and to provide a bespoke quote. Please see below our fee range and likely disbursements so as to give you an estimate of the likely costs in a standard transaction without complications.

1. Our legal fees quoted above are for a standard transaction assuming that no unforeseen matters will arise during the course of the transaction and that it will conclude in a timely manner. If it becomes apparent that additional work is necessary to progress the matter or there are unforeseen complications, we will inform you as soon as possible and discuss with you the potential increase in costs before progressing the matter forward.
2. Property Searches include Local authority search, Environment search are noted as variable in the table above because the costs vary across local authorities. For properties in the Royal Borough of Kingston upon Thames, the search fees costs a total of approximately £297.12 at the time of publishing this information here but this may vary in the future. We would strongly recommend you call us to obtain an up to date quote.
3. Stamp Duty that is payable depends on the purchase price as well as the nature of the transaction i.e whether you are a first time buyer or you are purchasing replacement home or investment property etc. please see the link: <https://www.tax.service.gov.uk/calculate-stamp-duty-land-tax/#/intro> for access to the HMRC's website.
4. The Land registry fee for registration of your title is also based on the value of the transaction. Please see the link to the land registry's calculator: <http://landregistry.data.gov.uk/fees-calculator.html>
5. In some cases, indemnity policies may need to be taken out to protect yours and your lender's interest in which case the cost of these will need to be taken into account.
6. In leasehold and freehold transactions, as noted in the above table if the properties that are on developments with management companies, there may be fees payable to the landlord like the notice fee which usually ranges from £50.00 to £250.00 plus VAT per notice of transfer and/or charge; Compliance certificate fee, membership fee/share certificate fee if applicable, can range from £50.00 to £250.00 plus VAT, License to Assign/Deed of covenant fee typically ranges between £100.00 to 350.00 if applicable. These fees can be confirmed on receipt of the leasehold information pack. In cases where there is a landlord and a management company that require notice, it is likely for there to be two sets of fees applicable but these fees are set by the landlord and the managing agents for the whole development.

Time Scales

Whilst an average conveyancing transaction can typically take between 6-8 weeks from the time the sale pack is issued to completion, the speed at which a transaction progresses depends on the parties in the chain, the nature of the transaction, lease requirements/ lender requirements etc. Each transaction has their own unique aspects which can speed up or delay the completion of the transaction. At S. Abraham Solicitors, we strive to progress matters without undue delay and cooperate with the chain where possible though our client's and lender's interest will be of paramount priority
